Dear Teachers, Administrators, and Curriculum Directors,

The **HANNA** series of Backpack Lab products contain everything you need for your science classroom in one place! The included experiments will assist students in developing quality **21st Century Skills** and will assist in preparing them for the next level of science education.

The 21st Century Skills

Learning and Innovation Skills: the 4 C's of Learning

- Creativity and Innovation
- Critical Thinking and Problem Solving
- Collaboration
- Communication

Information, Media and Technology Skills

- Information Literacy
- ICT Literacy

HANNA has developed an interactive website for our Backpack Lab series of educational products that can be found at www.backpacklab.com. Upon purchasing this product, you will gain exclusive access to applicable content on the website that can be incorporated into any lesson plan. This website also serves as a forum for students where they can upload their data and compare their results with students from schools throughout the nation, which will further enrich their Backpack Lab experience.

Some school departments that have adopted a **HANNA Backpack Lab** product into their science curriculum include:

- Woonsocket High School ~ Woonsocket, Rhode Island
- Louisiana Recovery School District ~ New Orleans, Louisiana
- Ridgefield High School ~ Ridgefield, Connecticut

If you are interested in **HANNA** instruments' Backpack Lab series of educational products, please visit www.backpacklab.com, e-mail backpacklab@hannainst.com or call 1.800.426.6287.

Sincerely,

David Minsk

President, HANNA instruments USA
